Application

The Ironman 50L Professional Dehumidifier is the ideal choice for residential work. It is rugged enough for industrial shops and storerooms as well. Its compact size permits one-man operation, yet it has the capacity to extract humidity in several rooms at one time. Best of all, it's affordably priced within the budget of most restoration specialists.

The Ironman 50L is a self contained unit with an automatic condensate pump, making it an ideal choice for water damage and restoration jobs. The unit can perform unattended operation with low maintenance rate.
