

Description:

The Master MAS13 Air Scrubber is available in both 240 Volt & 110 Volt and is fitted with a HEPA H13 air filter which can capture at least 99.75% of particles with a diameter greater than or equal to 0.3 Microns = 0.001mm.

Its purpose is to remove particles and impurities from the air not only preventing the spread of airborne Pathogens, Bacteria and Viruses but help eliminate: Allergens, Pollen, Toxic Dusts, Smoke and Molds to name but a few aiding in the purification and sterilization of the surrounding air.

Weighing in at only 14kg the MAS13 is Portable, Robust and built for commercial use but can be used in any environment such as Offices, On site Cabins & Welfare Units, Marquees, Workshops, Vehicles and many other enclosed spaces.

Used extensively in the Medical Field and Manufacturing Industry such as Hospitals, Laboratories and Clean Rooms where airborne particles need to be removed to help create a safer environment.

Product Code: MAS13240

Specification:

- Power Supply: 220 - 240v 50Hz
- Power Consumption: 230w
- Airflow: 1300m³/h
- Speed: 2500Rpm
- Filtration Class: H13 HEPA Filter
- Pre Filter: G4
- Dimensions: 60 x 36.5 x 56.5cm (LxWxH)
- Weight: 13.5kg
